## ABOUT ME

I'm Zarin Tasnim, a self-taught UI/UX designer with a strong foundation in Computer Science and Engineering from AIUB. My journey into design was driven by a passion for creating intuitive, user-friendly solutions that merge technical expertise with creativity. I bring a unique perspective to design, combining analytical skills with a deep understanding of user needs. My experience with tools like Figma, Canva,Wix,Framer,Jira, Selenium and Trello has enabled me to deliver effective design projects, and my programming skills enhance my ability to create functional, aesthetically pleasing interfaces. I am eager to apply my knowledge and creativity to new challenges, and I enjoy sharing my design journey with others through educational content on social media.
